PRODUCT INFORMATION   MODEL 0719 YUMI

© 2019 KURT BEIER & KATI QUINGER

Attention! Optionally different foam qualities in the backs available. See page 4-8

Functional back and armrests
are completely foldable

...up to a comfortable relax lounger

Due to lateral seat adjustment arises
a useful clipboard

YUMI: SPACIOUS LOUNGE ELEMENTS TO RELAX AND FEEL GOOD. COMFORTABLE FUNCTIONAL UPHOLSTERY WITH SOFT SEATING COMFORT ON A COVERED PLATEAU. SEATS LATERALLY ADJUSTABLE UP TO 40 cm (MANUALLY OR MOTOR-DRIVEN). ARM AND BACKREST CAN BE FOLDED DOWN COMPLETELY. OPTIONALLY WITH INTEGRATED WOODEN TABLE TOP. WOOD TYPE, COVERS (FABRIC/LEATHER) AND SEAM TYPE SELECTABLE.

**Feet:** Angular steel, powder-coated fine structure in black matt.
Height: 14 cm / **Floor distance:** 14 cm
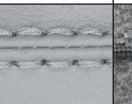

Attention!
The backs are offered in 2 foam qualities (soft and firm). The firm quality of back is analogous to the seating foam (seats are always firm quality) and the soft quality of back is analogous to the armrests (armrests are always soft quality). The firm quality is recommended if it is also used as lounger! Please specify with order!
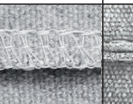

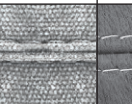

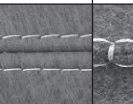

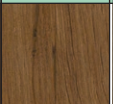

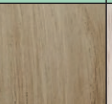

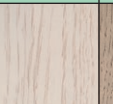

Processing options of main seam / decorative seam

	Plain seam	Lap seam	Raw edged	Moccasin seam extra charge	Twin seam extra charge	KR* (zipper piping) extra charge	Overcast seam extra charge	Piping	Two needle seam	Square seam extra charge

Untreated	√	⊘	⊘	⊘	⊘
Oiled	*	⊘	⊘	⊘	⊘
Lacquered	*	√	√	√	√

Untreated wood gets its unique character due to the naturalnes. Colour or structure variations from the samples shown are standard and have to be accepted. The wood will get a desired patina overtime with daily use, which emphasizes the character of the wood. For further care please notice the general wood information. Puttied areas may have a different colour appearance depending on the surface. For example, dark putty can look lighter on untreated wood.

* = Available on request against processing surcharge
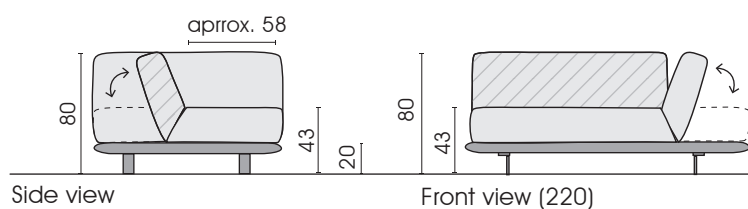

√ = Bullfrog recommendation and standard surface

⊘ = These variants are not available

Feet:

Angular steel feet, powder-coated fine structure in black matt

FOLDING BACK

545

- Type 26M
- Type 258*
- Type 545

*With this combination the firm back is recommended for type 258, as it also can be used as Relax area (twin lounger)

Each piece of furniture is handmade and unique. Deviations to the listed measurements may be caused by:
1. different upholstery materials (fabric, leather), 2. processing of ticking mats, 3. the preasure to combine individual parts, etc.
The seat comfort of a sofa type with larger seat depth usually differs from one with lower depth.

Attention!!!
Foam quality of backs are selectable!

Backs: the foam quality is offered in soft and firm. Please specify desired foam quality with order!

Armrest: always processed with soft foam quality!
**Seat:** always processed with firm foam quality!

Bullfrog recommends firm foam quality for backs, which are also used as relax area, so that seat as well as back have the same strength (see example below).

## FUNKI - how it works!

seam
zipper

1. Take the cushion at its upper side and put the cushion on your knees with the zipper on the bottom. The seamless side faces you.

2. Move the upper part of the cushion towards yourself until the final position is reached.

3. Now you are able to move the upper part backwards until the upper part of the cushion will click into place in the zero position.
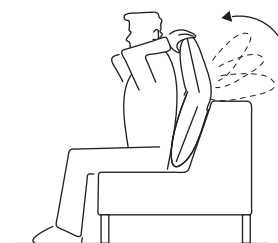

4. Now put the cushion in the preferred position (e.g. in the back, seamless side in front and zipper at the bottom).
By pulling the upper part of the chushion towards yourself, you are now able to choose among 16 raster positions, however you like it.
