Workmanship with type 596L:

- **Seat cushion:** cover material and colour are freely selectable from the offered collection! The seam is manufactured tone-in-tone with the colour of cover material.
- **Foot part:** The foot part is always made of outdoor fabric number OD1101/73! The seam colour is processed tone in tone.

Each piece of furniture is handmade and unique. Deviations to the listed measurements may be caused by:
1. different upholstery materials (fabric, leather), 2. processing of ticking mats, 3. the pressure to combine individual parts, etc.
The seat comfort of a sofa type with larger seat depth usually differs from one with lower depth.
